

JOB SEARCH GOT YOU DOWN? TIRED OF THE RUN AROUND?

Attend a:

“GUERRILLA JOB SEARCH & CREATION WORKSHOP”

...and CELEBRATE THE RESULTS!!!

Presenter: Rich Pellegrino*, during the past thirty five years, has found more jobs, for both himself and others, in almost every industry and field, than most living human beings ☺. He has also helped himself and others create “jobs” and become self-employed. He will share the tips which have worked for him and others—and the pitfalls to avoid.

Rich says: “*In the spirit of this new day in America, and in response to President Obama’s historic inauguration and request that we serve one another for the common good, I am offering this workshop, as a labor of love and part of our labor of love campaign (www.laboroflovecampaign.org), for free to any organization which would like to sponsor it for your members and/or the general public. I only ask that you pay it forward in service to others (and donations are always welcome ☺).*”
